

The mission of Integrity Staffing Solutions is to become the leading specialty staffing firm in the United States by designing customized staffing models that enable us to always deliver what we promise, time after time, resulting in consistent, profitable growth and increased market share. Explore our customized options below and join us in experiencing the future of staffing.

So Many Options, So Many Solutions

TalentMap, Integrity's proprietary talent placement and management process insures you get the quality employees you need, when you need them.

The foundation of the TalentMap is The Compass Method. The Compass Method sets a new standard of excellence for Integrity customers. From job identification, associate assessments, on-boarding and quality assurance, The Compass Method is designed to meet your exact standards.

With Divisions to Serve Your Every Need - and the teamwork to make each partnership a success.
